No. 400 Champion Whirlwind Tuyere Irons

The Whirlwind Blast Anti-clinker Heavy Nest Tuyere Iron produces a circular, rotary blast. It will not blow the heat or hot air up and out of the chimney.

concentrates the blast and heat in the tuyere nest, thus making a hotter fire and heating one-third quicker.

It is supplied with a revolving pick to remove the clinker out of the side slots.

It is 5 inches deep, 8 3/4 inches wide and 10 1/2 inches long over all, 12 3/8 x 14 3/4 inches. Weight, 55 pounds.

Price, No. 400.....each \$10.50

Sutton Tuyere Irons

The use of the Sutton Tuyere Iron insures that the fire cannot spread. Ashes do not blow. No clay or mortar is required to set it.

The fire bowl is cast with the tuyere. Weight, 40 pounds. Can be furnished with ash slide or special spring bottom. Prices upon application.
